

The school board has appointed a committee to report conditions in the grammar school here and to devise some method of displacing the adverse study conditions in the school. It is assumed that some inquiry will be made into the condition of the negro school and some effort made to build a modern school for these people. Any plan at school improvement would not meet approval generally unless it included a building for negroes. It will be pleasing to know that such action has been taken by the board, although no public discussion has been had concerning the plans. Street paving bond advocates are anxious to help in the school election but feel that inasmuch as the sewer extension has been made and the water main question settled the time for street paving is at hand. Waiting for the school proposition to state their proposition is about all there is to say in connection with the proposition.

Civic neglect has just received additional impetus in the addition of several large iron cans to the rubbish heap back of the Yoe High school building. On the northeast corner of the campus a large square has been scooped out and it is hoped to be filled with clay within the next few months looking toward a tennis court. If it should rain any time in the near future a large water hole would be among the civic assets to claim for the school. Continued dry weather has witnessed the maturity of the thistle crop but friends of the school are taking heart again as the weed crop continues to diminish under the withering sun rays. We boast of our effort at education and annually spend upward of \$40,000 to maintain the schools, yet not a cent is provided for the civic upkeep of the building and grounds. Is Yoe High School now an object of charity or will the administrative branch of the school provide adequately for its upkeep? The Yoe Will provides revenue for maintenance and it now appears that some of that maintenance should be applied.

Cameron may be said to have reached the point when some great commercial effort should be made to harness the industrial opportunities that our just portion of small town enterprises may save us the experience of backward trend. From an agricultural standpoint it may be said that production has about reached its limit in the crops planted. Improvement could be made in diversification but every town the size of Cameron and with its territory should have a number of small industries of the manufacturing division. Recently the Commercial Club appointed a committee to work out an industrial program, but so far no report has been made. Our town is what we make it. We grow in proportion to the energy we put behind our town. A well directed effort along the line of procuring small industries will be very helpful to Cameron. "Our Town" editor would like to read the report of the industrial survey committee.

Cameron merchants would do well to bear in mind the increasing effort on the part of the larger cities—neighboring and far removed—to draw the consumer to their marts of trade. No less than a dozen Texas firms in adjoining cities are placing advertising matter in Cameron and are selling goods that should be purchased in our town. Good roads have killed a large number of small trading posts and towns all over Texas in favor of the county seat and larger places. Unless something is done to arrest the tide of merchandising toward the cities that also benefit by the good roads and auto, Cameron, like many other similar towns, will experience a great slump in trade. Believe it or not, Cameron consumers are buying heavily in Temple and Waco. Waco trucks deliver merchandise in Cameron because of good roads. Now the thing to do is to make the Cameron market so attractive that no occasion will arise for patronizing other cities. Let's defend our trade advantages.

PRESBYTERIAN AUXILIARY

The three circles of the Presbyterian Auxiliary held their social meetings Monday afternoon as follows: Circle No. 1 with Mrs. B. P. Atkinson; No. 2 at the park; and No. 3 with Mrs. L. Wilson.

The ladies carried their needle work and a free will offering was made for the church building fund.

HORSE KICKS MAN'S SHIRT OFF WITHOUT EVEN ONE SCRATCH

Temple, Texas, July 14.—The novel but dangerous experience of having his shirt kicked off without incurring a bodily scratch was the lot of John L. Thompson, a farmer residing near Rogers, south of this city. The man was shearing a horse when the point of his shears accidentally touched the mare's flank. Both heels shot out quick as a flash, divesting Thompson of his shirt in their passage and leaving but a small piece of the undergarment intact. The hoofs fortunately missed the body completely.

MILAM COUNTY MAN IS PARDONED BY GOVERNOR

ROBERT CHAPPELL SENT FOR 2 YEARS IS PARDONED BY DAVIDSON

Robert Chappell, sentenced to two years in the penitentiary from Milam county on conviction for seduction, was pardoned by Acting Governor Davidson Tuesday, being among 13 of the prisoners from the state penitentiary given their liberty just before the acting governor left the office.

Efforts are being made here to get a pardon for Jim Broz, sent for liquor law violation from the county. On account of his age and the fact that he has a large number of children, it is believed a pardon will be granted.

Austin, Texas, July 17.—Acting Governor Davidson's pardon list was brought to thirteen when late today he granted freedom to seven additional inmates of the state penitentiary. The longest term pardon granted by Davidson was to George Watson, alias Walter S. Wernau, Harris county, serving 21 years for burglary and theft. Watson had served six years. Others were: Ida White, a negro, because of physical condition; Robert Chappell, Milam, seduction, two years; Edgar Howerton, Travis, theft two years; H. D. Beavers, Mills, theft, two years; Selmar Bryan, Shelby, selling liquor, one year, and Platon Sanchez, Bexar.

Austin, Texas, July 17.—Appeal will be made to Governor Neff on his return to Austin to commute the death sentence imposed upon Manuel Sagu for killing a traveling salesman on a M. K. & T. train near here, it was stated by a delegation of Williamson county citizens who conferred with Acting Governor Davidson today. Davidson declined to consider the matter further. Insanity proceedings against Sagu are probable to prevent the execution on July 20, it was said.

PREHISTORIC SPECIMENS OF BEAST LIFE FOUND

INTERESTING FOSSILS SENT TO A. & M. COLLEGE BY CITIZENS OF CAMERON

Dr. Mark Francis of the A. & M. College was in Cameron Saturday to examine the record of fossils that have been recently found in Milam county. In company with Mr. Grover White, he secured a number of interesting specimens, which the owners donated to the A. & M. College, where they will be permanently kept. The lot consisted of—

SKULL OF A BISON, found in Little River in June 1923, by John House. It was left in the office of Judge J. T. Kemp and was given by him to the College.

PREMOLAR OF A MASTADON AMERICANUS, donated by Dr. Jas. Watson. This was found about 8 miles west of Cameron.

LEFT LOWER JAW OF MASTADON, found about 1897 in a gravel pit in the edge of Cameron. This is very similar to the one described as Anancus Brazosius, by Dr. O. P. Hay of the U. S. National Museum in the Pan-American Geologist, March, 1923, page 112. It was donated by Mr. J. D. Hefley.

MOLAR TOOTH OF THE AMERICAN MASTADON. This is a very fine specimen and was found in 1921 in the Curry gravel pit about two miles north of Cameron by Mr. J. H. Reaves of Ben Arnold.

The Mastadons were of African origin, from which they migrated northward into Europe and Asia and became numerous in Russia and Siberia. They found their way to America by way of Alaska and their remains are found in all parts of North America. They became extinct in the Pliocene period. They were very common in Texas, especially in the valley of the Brazos River.

BAPTIST AUXILIARY

Mrs. P. Paddock entertained Circle No. 1 of the Baptist Auxiliary Monday afternoon. Mrs. John Dobbin led a Bible study. Eight members were present and one new member was received.

Circle No. 2 met with Mrs. Lee Shires with twelve members present. Mrs. S. M. Burns led a Bible study.

Circle No. 3 met with Mrs. F. J. Beckerman, with Mrs. John Denson leading. Seven members of the circle were present.

Mr. and Mrs. B. F. Bonds are spending the week in New Braunfels on a vacation. They were joined there Tuesday by Mr. and Mrs. W. A. Bonds and Rev. and Mrs. Ira F. Key of Cameron. They will return to Cameron some time next week.

50,000 BALE COTTON CROP IS ASSURED

KNIGHTS OF PYTHIAS HERE MARK GRAVES OF DEAD

MARKERS AND FLAGS PLACED ON GRAVES OF DEPARTED KNIGHTS BY LODGE

Milam Lodge No. 125 Knights Pythias have decorated the graves of departed members buried in Oak Hill Cemetery.

"We decorated the graves of every Knight buried here, whether he was a member of our lodge or not. The following graves were decorated with markers and flag," says Fred Henry, Keeper of Record and Seal:

John T. Arnold, J. P. Atkinson, G. C. Avriett, H. G. Baskin, B. J. Baskin, J. F. Blankenship, M. S. Bond, W. F. Crawford, Jack L. Chambers, J. B. Green, W. M. Gill, Chas. Gartner, James Gillispie, Aug. Horstman, U. S. Hearrell, Allen D. Hooks, Jas. Hooks, R. L. Lowe, Robt. Lee McCown, Wm. T. Lutner, Thos. A. Pope, Raymond Posey, A. E. Sharpe, W. M. Thompson.

OLD FOLKS SERVICE.

An interesting service arranged in honor of the old people of the county was held last Friday morning at the Methodist church, before the close of the revival meeting, conducted by Rev. J. Ed Morgan of Dallas, Sunday night.

This was probably the first service of the kind ever held in a Cameron church and was largely attended by old and young. Many were here from other points in the county and their presence added to the interest of the meeting.

The service was opened with a short song and prayer service using the pipe organ to accompany voices. After this the instrument was silent and old fashioned hymns were sung in the old-fashioned way, some being given out by line.

Testimonies were called for and many old saints testified to the power of the gospel in their lives through a long period of years and witnessed to the fact that the "old, old story" was the sweetest story ever told. Mrs. Walter Clark of San Gabriel, whose husband, Captain Clark, passed away after a long life of Christian service a few days ago, was given a bouquet of flowers because she was the oldest Christian present. Mrs. Clark is the grandmother of Mrs. Leo Wilkerson of this city.

Rev. Mr. Howell, a local Methodist preacher, and father of Mrs. Louis Posey of Marlow, was presented with a bouquet for being the oldest minister present.

FARM LABOR UNION WILL HOLD COUNTYWIDE PICNIC

The Farm Labor Union of Milam county will hold a big county-wide picnic at Sandy Creek, about five miles east of Rockdale, on Monday, July 30. This will be an old fashioned get-together basket picnic to which everybody in the county is invited. Bring your baskets and spend the day.

BILL BOOSTER SAYS

"A QUARTER DOLLAR AMOUNT TO MUCH AROUND TOWN BUT THE AVERAGE GUY, HE THINKS IT'S SOME PUNKINS IN THE COLLECTION BOX!! BE LIBERAL WITH YOUR CHURCH! THERE AINT ANY PLACE IN TOWN WHERE MONEY WILL GO AS FAR!"

JEWETT MERCHANT IS VISITOR IN CAMERON.

J. L. Barron, merchant of Jewett and well known Leon County citizen, with Mrs. Barron and their two children, were in Cameron for a few minutes Tuesday on their way home from Corpus Christi and other points on the coast and Rio Grande Valley. While in Cameron Mr. Barron saw a few of his friends and called at The Herald office. Mr. Barron has for the past two years been a member of fishing parties to Staudemeyer lake near Oakwood in which Cameron friends joined.

His friends here will be glad to hear of his visit here and regret they did not have the opportunity to exchange courtesies.

NOTICE! NOTICE!

Notice is hereby given that the Commissioners Court of Milam county will receive proposals for one tractor and grader until 10 o'clock, A. M., August 16th, and then publicly opened and read.

This notice is given on behalf of Davilla Road District No. 26 and Val Verde Road District No. 30. In the event a tractor and grader are purchased same will be paid for equally out of the above two road district funds.

All bids should be sealed and addressed to Giles L. Avriett, Auditor Milam County, Cameron, Texas, 1212.

GILES L. AVRIETT, Auditor Milam County, Texas.

S. E. Brogdon, a well known life insurance agent of Cameron, and his family returned last Friday night from a two-weeks automobile trip, visiting Meridian, Hico, Stephenville, Dallas, Fort Worth and Willsboro. Most of the time was spent with his and his wife's relatives, though he visited his company, The Southwestern Life Insurance Company, of Dallas, while away. He reports the worst crop conditions in East Texas, though the corn in Hill and Ellis counties was considerably burned. He saw nothing in all his travels that would tempt him away from grand old Milam County. On account of the construction work, many detours were necessary in some counties, but in other places the roads were in excellent condition. Mr. Brogdon states that he drove from Fort Worth to Farmerville, a distance of 93 miles on 3 gallons of gas. Mr. Brogdon drove a Ford and says he saw more of this make on the road than any other.

Miss Tillie Eanes was called to Christman the first of the week on account of the death of her grand mother.

MARRIAGE RECORDS ARE SMASHED HERE SATURDAY

NINE LICENSE ISSUED TO EMBARKERS ON THE MATRIMONIAL SEA.

All previous records for marriage license issued in a single day were smashed here Saturday when H. M. Roark, county clerk, issued papers to nine couples embarking on the matrimonial sea.

Near a hundred has been issued since the 18th of last month. This is said to be the greatest number ever issued within a month in the history of the county.

The following were issued since our last publication:

H. A. Crook and Edith Lawray, Ralph Wells and Lippie Freeman, W. B. Kink and Florence Batts, Wiley Kirk and Thelma McGreg-

or, Joe Gonzales and Mary Bedoll,

Henry V. Dickerson and Lilly Mae Fulton,

W. A. Page and Zelma Peterson, Brooks Gilliland and Mamie Mil-

lton, Ruben Johnson and Hattie John-

son, J. R. Walton and Ola Buckalew,

H. M. Walker and Mattie Crook, etc.

TEACHERS' EXAMINATION

An examination for teachers will be held in Cameron on Friday and Saturday August 17 and 18. All who expect to take this examination should make application to the County Superintendent not later than August 1, stating name, address, color, sex, age, number years teaching experience, and grade of certificate to apply for. The examinations will be held in the Yoe High school building. This is the last examination in which county certificates will be issued. Those teachers who desire to build a higher grade certificate must commence the building process before Sept. 1st.

SCHEDULE:

Friday Forenoon—Spelling, Physiology, Music, Elementary Composition, Higher English Composition, Physical Geography, Botany, English Literature, Solid Geometry, Methods of Teaching Applied to the Elementary Branches, Geology.

Friday Afternoon—Texas History, Elementary Grammar, Descriptive Geography, Plane Geometry, American Literature, Bookkeeping, English History, Biology, Advanced Grammar, Child Study.

Saturday Forenoon—Arithmetic, Writing, Methods and Management, Reading, Civics, Modern History, Paleontology, Chemistry, History of Education, Zoology.

WEATHER REPORT

Thursday, July 19, 11 a. m. Dallas and vicinity: Tonight and Friday partly cloudy and somewhat unsettled weather.

East Texas (Cameron): Tonight and Friday partly cloudy and somewhat unsettled weather.

Temperatures were generally below normal. Galveston 86, Cameron 96, San Antonio 98, Paris 100, Henrietta 104. (On July 17th Henrietta had 114 degrees).

Precipitation unimportant, 1 to 5 inches of rain fell in Mississippi.

MISSIONARY NOTES

I am in a gracious revival here with pastor Rice and the Lila saints. Notwithstanding some serious difficulties and obstacles, we have nine teen happy converts, approved for baptism and the interest growing.

Rev. C. A. Todd of Fort Worth is in a meeting at Currie School house.

Pastor Ward of Thorndale is holding a revival at Clarkson.

Good reports come from the revival meeting at Jones Prairie and Yarrington. Our work goes well. Let all the people pray and strive to honor God.

E. L. SPRINGER, Cameron, Texas, B. 3

Judge and Mrs. Jeff T. Kemp, Miss Gladys Henry, Mrs. Martha Rogers, Mrs. Texanna Rucker, Mr. and Mrs. William Rogers, Miss Eloise Rogers, Reed and Kenneth Rogers, Mr. and Mrs. John W. Joyner, Dorothy Joyner, A. F. Mitchell, Margie Reed, Margaret and Franklin McCown, a company of Cameron people, motored to Rogers last Thursday evening where they were the guests of Mr. and Mrs. W. B. Thomas, who were entertaining in honor of the Reed family, a family widely known and closely associated with the history of Bell county. A splendid supper consisting of barbecued chicken and beef

gumbo, pickles, bread, ice tea, pies, cake and brick cream was served on the lawn of the Thomas home.

Mr. and Mrs. Dow Eplen have returned to the city after several weeks on their annual vacation trip.

Predicting a normal cotton crop for Milam county close observers of the crop conditions here declare that without further rainfall the crop will be in excess of 50,000 bales.

A normal cotton crop in Milam county is about 50,000 bales. The 1922 crop was only 42,000 bales but with the good prices prevailing liquidation was good and the 1923 crop has been made on a more economical basis than any crop in recent years due to the fact that the farmers are more conservative and have learned a good lesson from the boom days of 1919 and 1920.

In many sections of the county good rains have fallen during the past month, although generally the cotton crop has developed under dry weather conditions. In the river lands it is said the crop is as good as has been known in recent years.

It is said that if rain falls within the next week that so much cotton will be made that difficulty will be encountered in gathering the crop.

For the general welfare a good rain is needed although fear is entertained that an overflow of the valley lands might follow heavy rainfalls on the river drainage lands.

The corn crop in this section is short, although in some sections a fair crop has been made. It is generally conceded that the feed crops in this county will be short but the cotton crop above the average.

In 1920 Milam county produced near 80,000 bales of cotton, the greatest crop in the history of the county. With the prospects now confronting the farmers mercantile interests feel that a return to normal conditions will be realized this fall and next spring.

PLEADS GUILTY LIQUOR CHARGE GETS ONE YEAR

FRANK HUCKS OF HANOVER ENTERS PLEA OF GUILTY IN DISTRICT COURT HERE

Frank Hucks entered a plea of guilty in the District Court here Tuesday on a charge of transporting liquor and was given one year in the state penitentiary.

Hucks was indicted on two charges of transporting liquor by the grand jury in the district court. A large number of character witnesses were summoned by the defendant who in advance had announced his intentions to plead guilty.

This is the only case tried this week so far in the district court.

TOURIST TRAVEL HEAVY THROUGH MILAM COUNTY

ADEQUATE TOURIST ROUTE INFORMATION AND ROADS ADVERTISE OUR CITY

(By J. T. Farma)

The ideal vehicle is keeping the highways alive with tourists and all report the roads throughout Texas in very good shape. There are few exceptions where roads are under construction, but as a rule this is only in short stretches.

The Caldwell road via Milano has greatly improved and cars are making it without any trouble.

Cars are making it over the Sap highway through Rockdale, Giddings, La Grange and Yoakum and the road is in fair to good shape.

Waco is now possible by either route out of Chilton.

Houston by way of Hearne is now greatly used and is fair to good shape. The traveler will find on account of heavy traffic chuggy places on this route around Benchley and also in the vicinity of Hempstead.

The route to San Antonio is still best via Rogers and Little River Station.

Road between Thorndale and Taylor is still under construction and it is necessary to detour about one mile out of Thrall to your right, and follow the part dirt and balance gravel into Taylor. At the present there is no sign of any kind to direct the tourist, except a board across the road with this familiar inscription "Road closed by order of Commissioner" staring you in the face, and with the satisfaction, Mr. Tourist, (Continued on last page)

Dr. and Mrs. James Watson are out of town for a two weeks vacation. They stopped first in New Braunfels and spent Sunday and Monday with the Cameron Kamp Krowd, and went from there to Kerrville to attend the Presbyterian Encampment.

Miss Jewel York of Dallas is a guest in the home of her brother, Edwin York.

A Question *of* Loyalty

Folks who go to other towns to buy what they can get in Cameron for the same price, are breaking down the spirit of community loyalty. Folks who buy from the itinerant sales-

man who "takes orders and delivers" wrong the community in that they fail to give local merchants the consideration they are entitled to.

The Mail Order Catalog and the 'Quack Merchant'

Have done more to discourage community wealth than all other mercantile evils in history.

HOW MUCH

—do the mail order men and "quack merchant" give for schools?

—for good roads

—for churches

—for athletic funds

—for baseball clubs

—for all enterprises?

—WHO PAYS THE TAXES?

?

The Cameron Newspapers

Preach this kind of doctrine all the time. Is it right for out of town printing houses to print sales bills, commercial printing for Cameron business men?

Think It Over

FARMERS SAID TO BE JOINING ASSOCIATION

THE CO-OPERATIVE MARKETING PLAN GOING BIG AMONG TEXAS FARMERS

With new members being enrolled in each of the twelve state co-operative cotton marketing associations at the rate of 100 to 200 per day, or an average of 1,500 daily, the great South-wide membership campaign being sponsored by the American Cotton Growers Exchange is making wonderful progress. This news was brought to headquarters by C. O. Moser, secretary, who has just returned from the executive committee meeting of the American Cotton Growers Exchange of Memphis, Tenn.

"The campaign is making marvelous strides," Mr. Foster said. "More interest is being manifested in the co-operative marketing of cotton than ever before and thousands from Arizona to North Carolina are taking an active part in this great national drive for new members. During the last two months campaigns have been conducted in all the states on an individual basis. Reports from the representatives at the Memphis meeting brought out the fact that 3,000 to 18,000 new members had been secured by the various states since the beginning of the campaign. To Georgia belongs the honor of having the additional 18,000.

"They are all making plans to dovetail their activities with this national campaign now in progress, each having ratified the general campaign plan perfected by the American Cotton Growers' Exchange.

While this is not the time when the greatest increase is expected from the campaign, each of the states is signing from 100 to 200 members per day, a total of 1,500 per day in the South.

"The campaign among the bankers to secure co-operation in this movement is making splendid progress. In every state they are agreeing to allow the mortgaged cotton of their patrons to be shipped through the co-operative associations. In a number of states bankers are hanging up signs stating, 'This bank prefers to have cotton sold through the co-operative marketing association.' Some of the banks have gone so far as to require membership in a state co-operative cotton association as a basis for loans.

"Likewise, the interest of the business men is being aroused to the extent that in many communities they are closing up their stores and banks and actively assisting in getting the cotton growers to sign the membership contract. This real co-operation indicates a gaining spirit of mutuality of interests in farm problems. These men are putting into practice through their own personal effort and exercise the theory that the interest of the business man and farmer is identical.

"The morale of the members is practically perfect and everywhere they are expressing satisfaction and enthusiasm over the result of the past year's experience. Thousands are taking active part in the campaign and are working tirelessly beside the officials and field men to increase the membership. We are most gratified at the condition we have found in the state offices and we have every reason to feel hopeful over the future.

"We sincerely believe we are

grappling with the greatest economic movement of this generation, a movement right in principle and profitable in practice; one which combines the efforts of all classes of people working for the same objective is certain to bring about the ultimate success of the cotton co-operative marketing associations and which will put the cotton growing states on a firm financial basis."

JULY 31 IS LAST DAY FOR SPECIAL TAX PAY

SPECIAL ITEMS OF FEDERAL LEVY OUTLINED BY COLLECTOR

To avoid penalty, returns and payment must be made on or before July 31, 1923, of the miscellaneous occupational taxes, the special tobacco manufacturers tax and the special tax on the use of boats, provided for by the Revenue Act of 1921.

Capital stock tax returns also must be made on or before July 31, payment being made within 10 days after notice and demand by the Collector.

The Revenue Act provides that "every domestic corporation shall pay annually a special excise tax with respect to carrying on or doing business, equivalent to \$1 for each \$1000 or so much of the fair average value of its capital stock for the preceding year ending June 30 as is in excess of \$5,000. In estimating the value of capital stock the surplus and undivided shall be included. Every foreign corporation shall pay annually a special excise tax with respect to carrying on or doing business in the United States, equivalent to \$1 for each \$1,000 of the average amount of capital employed in the transaction of its business in the

United States during the preceding year ending June 30.

Every domestic corporation must make return on Form 707 even though the law may indicate that it is exempt from tax. The question of exemption is one for determination by the Commissioner of Internal Revenue.

A foreign corporation is carrying on or doing business in the United States if it maintains an agent, or an office or warehouse in the United States, or in any other way enters the United States for the purpose of its business.

Following are the miscellaneous occupational taxes: brokers, \$50; pawnbrokers, \$100; ship brokers, \$50; customhouse brokers, \$50; proprietors of theatres, museums and concert halls where a charge for admission is made, having a seating capacity of not more than 250, shall pay a tax of \$50; having a seating capacity of more than 250 and not exceeding 500, \$100; having a seating capacity exceeding 500 and not exceeding 800, \$150, having a seating capacity of more than 800, \$200.

Circus proprietors are required to pay a tax of \$100; proprietors of other public exhibitions or shows, \$15; proprietors of bowling alleys and billiard rooms are required to pay \$10 for each alley or table; proprietors of shooting galleries, \$20; proprietors of riding academies, \$100.

Persons carrying on the business of operating or renting passenger automobiles for hire are required to pay \$10 for each such automobile having a seating capacity of more than two and not more than seven, and \$20 for each automobile having a seating capacity of more than seven.

With respect to the special tax (due in July) imposed upon the use of yachts, pleasure boats, power boats, sailing boats and motor boats, the Commissioner of Internal Revenue has ruled that a vessel must be both over five tons net and at least 33

feet in length to be subjected to such tax.

These boats are divided into three classes with respect to length and a separate tax is provided for each class as follows: over five net tons and over 32 feet in length, \$1 for each foot; over five tons, length over 50 feet and not over 100 feet, \$2 each foot; over five tons, length over 100 feet, \$4 for each foot.

SHERIFF'S SALE

THE STATE OF TEXAS. County of Milam.

By virtue of a certain execution issued out of the Honorable County Court of Milam County, on the 6th day of July, 1923, by H. M. Roark, clerk of said court against W. M. Caldwell for the sum of Three Hundred Ninety-Eight (\$398.00) Dollars and costs of suit, in cause No. 4810 in said Court, styled Mrs. Stella Gandy Vaughn for herself and as next friend for Helen Gandy, a minor, versus W. M. Caldwell and placed in my hands for service, I, D. S. Rogers, Sheriff of Milam County, Texas, did on the 9th day of July, 1923, levy on certain Real Estate, situated in Milam County, described as follows, to-wit: All of the right, title and interest of the said W. M. Caldwell in and to all that certain tract, lot or parcel of land, out of the D. Monroe grant in Milam County, Texas, and being a tract of 8.89 acres of land, sold by Martha Rogers, to E. M. Bean and described as follows: Beginning at a stake N 19 E 30 ft. from the N E Corner of block No. 5 of Caldwell's Addition to Cameron; thence N 71 W 75 vrs to stake for corner; thence N 19 E 75 vrs to stake for corner; thence S 71 E 75 vrs to stake for corner; thence S 19 W to beginning containing one acre of land, and being the same land described in volume 51 page 53 of the deed records of Milam County, Texas.

Witness my hand, this 9th day of July, 1923.

D. S. ROGERS, Sheriff of Milam County, Texas. By H. H. Hartsfield, Deputy.

NOTICE IN PROBATE

THE STATE OF TEXAS. To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously

and regularly published for a period of not less than one year preceding the date of this notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS.

To all persons interested in the estate of Ever Jenness, deceased, J. C. Davis, administrator of said estate, has filed in the County Court of Milam County his account for final settlement of said estate and application for discharge as such administrator, which will be heard on the first Monday in August, 1923, same being the 6th day of August, 1923, at the Court House in the city of Cameron, at which time all persons interested in the estate shall appear and contest said application, if they see proper.

Herein fail not, under penalty of law, and of this writ make due return.

Given under my hand and seal of office, in the City of Cameron, the 11th day of July, A. D. 1923.

Attest: H. M. ROARK, Clerk County Court, Milam County.

By J. O. Hughes, Deputy.

J.D. DOBBINS The Man Who Saves You Money

SLAYER OF SON-IN-LAW OF BILL SNEED FREED

C. B. BERRY NOT GUILTY IS VERDICT OF JURY IN 25 MINUTES

Seymour, July 12.—After being out only 25 minutes, the jury in the case of C. B. Berry, charged with the murder of Wood Barton, returned a verdict of not guilty at 10 o'clock Thursday morning.

Berry, his wife, mother and six children at once shook hands with the twelve men. Mrs. Berry and her daughters were in tears.

Afterwards various members of the family embraced.

Mrs. Georgia Barton, widow of the slain man, and her mother, Mrs. Jno. Beal Sneed, were not in the court room.

It is reported that only one ballot was taken.

Berry left to make the trip to Paducah, accompanied by two armed guards. The large group of Cottle county witnesses who had been camping at the city park also left on the homeward trip soon after the verdict was announced. While 90 came from there to testify only 20 were used. One hour after the jury's decision was given out the courthouse was almost deserted and the crowd that had been on the streets was gone.

Few murder cases in Texas ever have been tried with the celerity as was this. Selection of the jury, taking the evidence and arguments requiring only three days, with the exception of the closing speech, which was made this morning. Another unusual feature of the trial was the lack of demonstrations.

The cost of the trial will not exceed \$1,500.

The present case arose over the first of a series of three shootings, all of which took place close to the First National Bank at Paducah.

The killing of Barton occurred Nov. 10, 1922.

The second shooting took place March 7 of this year when John Beal Sneed shot and wounded Berry, and the last one on July 2, when Berry shot Sneed.

Sneed will be tried for shooting Berry at Benjamin, Aug. 20, if he has recovered by that time. At present he is recuperating in a hospital at Quannah. Berry's trial for wound ing Sneed has not been set but the is out on \$3,000 bail for that affair, charged with assault to murder.

The feud started in 1922 when Berry employed Mexican laborers in his cotton field loaned him by Sneed. Barton claimed that Berry owed him \$30 for the work and sought to collect it on various occasions. Berry denied that he owed the money.

Witnesses testified that Barton had beaten up several persons around Paducah, that once he had knocked a Baptist preacher down with a pistol over an alleged debt of \$150; that he had attacked a juror who had voted to convict him in a robbery case, and that he had beaten another man and had bitten off a part of his ear.

The Sneed ranch and the Berry farm of 320 acres adjoin in Cottle County. Both families are well known.

The present case was called here last Monday. Berry claimed self-defense and he and other witness told of alleged threats made by Barton to kill him. Both the Sneys and the Berrys are expected to return to Paducah some time today.

The Sneys first came into prominence in 1911, after Al Boyce of Amarillo eloped with Mrs. Sneed to Canada from Fort Worth. Sneed shot and killed Capt. A. G. Boyce in the Metropolitan Hotel in Fort Worth.

Several months later he killed Al Boyce in Amarillo. He was acquitted for both killings.

Since then little has been heard

Drink Water If Back or Kidneys Hurt

Begin Taking Salts if You Feel
Backache or Have Bladder
Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

of him until the Sneed-Berry feud began.

Back in 1912 Mrs. Sneys father, J. S. Snyder, was slain on a farm near Calvert. The tragedies Mrs. Sneed and his daughter, Georgia, have gone through are written in their faces.

During the trial here both women held themselves under good control and there was no demonstration at any time on the part of any member of either family.

ROBS CALOMEL OF NAUSEA AND DANGER

MEDICINAL VIRTUES RETAINED
AND IMPROVED—DANGEROUS
AND SICKENING
QUALITIES REMOVED
PERFECTED TABLET
CALLED
"CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price 35-cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. 9 13c

PROBATE NOTICE

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceeding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR PROBATE OF WILL

To all persons interested in the estate of Mrs. Laura Kirtley, deceased, Jack Kirtley has filed in the County Court of Milam County, an application for the Probate of the last will of Mrs. Laura Kirtley, deceased, which will be heard at the next Term of said Court, commencing the first Monday in August, A. D. 1923, to wit, August 6th, 1923, at the Court House in the City of Cameron, Milam County, Texas, at which time all persons interested in said estate may appear and contest said application should they desire to do so.

Herein Fail Not, But have you then

SULPHUR SOOTHES UGLY,ITCHING SKIN

The First Application Makes
Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthio-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles Menthio-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

PUBLISHERS NOTICE

By reason of increased circulation and the added cost of materials, print paper and labor, sound business policy makes it necessary to increase the advertising rates of The Herald. For a long period of time advertising rates in Cameron have been inadequate and far below the scale in all sections of the country. Newspapers in many sections of the state and in Milam county, with considerably less circulation than the Herald charge a greater advertising rate. Advertising rates are not made by economic conditions, although the newspaper industry is privileged as other industry to apply this condition as a business principle, but are governed by the circulation and this increase is far below that authorized by the law of circulation average. We assure our patrons of the absolute necessity of this increase. Beginning August 1, 1923, all rates will be as follows:

Display, per inch.....25c
Line Rate, per line, single insertion.....10c

The present rate is 22c display inch and 7c line for single insertions.

The Legislature recently passed a law permitting charges for legal advertising the same rate as commercial advertising and in the future all legal advertising will be at the rate charged merchants and others. Under the old law legal rates were about one-half that of the regular commercial rate and unfair to publishers. The present rate, while inadequate, will be more just as compensation to publishers.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To
Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. @ It's just splendid.

DAVIDSON ATTACKS KLAN IN SOMERVILLE SPEECH

REGARDED AS OUTLINE FOR OF CAMPAIGN FOR GOVERNOR IN 1924

Somerville, July 13.—T. W. Davidson, acting governor of Texas, promised here this afternoon that "If it rests in my power mask murders will cease."

Following a personal investigation of the death of Otto Lange, who was killed by masked men July 2, which has been going on in this office for 10 days, and a careful study of the case, this morning at the home of the Lange widow Governor Davidson delivered a vigorous speech to the members of the One-Hundred and Forty-Third Infantry, at their annual picnic here, at which he roundly denounced government by mob law and held certain acts which have been attributed to masked bands before the crowd as examples of this sort of government.

His speech made in campaign fashion probably outlines his next summer's race for Governor.

The Governor's visit to the Lange family was made in company with Capt. G. A. White and Lieut. E. W. Stork of the One Hundred Forty-third Infantry and H. C. Harden, Somerville citizen, and this correspondent.

The Governor said before arriving at the house that "as a practicing lawyer I desire always to personally see the scene of any violation of the law with reference to which I have any part, therefore as Governor of Texas, conducting this investigation I am availing myself of the opportunity to witness the scene of the tragedy."

"Governor Davidson spent a night of travel in order to get to Somerville. From the time he came into this county he evinced the keenest interest in stories told him by local citizens of alleged masked band activities. His eagerness to get to the Lange home and to the avidity with which he immediately entered into a discussion of the Ku Klux Klan at the barbecue this afternoon indicates to the political observer that he proposes to make the Klan issue paramount in his campaign for Governor next year.

He is taking advantage of every opportunity to further cinch his standing as an opponent of the Klan. It was as an opponent of the Klan that he was elected Lieutenant Governor of Texas over Col. Billy Mayfield of Houston. At the San Antonio convention, upon his inauguration and in his every public utterance Governor Davidson has expressed his opposition to the Ku Klux Klan. By his vigorous exercise of his temporary gubernatorial power, he expects to show the people of Texas that if they elect him Governor he will use all of his power in crushing any lawlessness by organized bodies or individuals.

Governor Neff will return to Texas within the next fortnight and it is hardly likely that within that time Governor Davidson will have time to continue his investigations although he has expressed himself as dissatisfied with what the Rangers have found in Somerville.

Speaking in decidedly German brogue, Mrs. Lange and Lange's widowed mother, Mrs. William Discher, told Governor Davidson of the killing. He questioned them in detail and after they had rehearsed the shooting he called them into private conference and discussed in detail many facts and allegations of facts occurring before the fatal visit of four masked men to the Lange home on July 2.

Her frail form bent with the labor and worries of 60 years, Mrs. Discher described in a faltering voice the enactment of the tragedy. Mrs. Lange, the younger, clad in a soiled house dress, assisted and little Esther Lange, 11-year-old girl wounded in the hand by the same bullet which killed her father, filled out details overlooked by her mother and grandmother.

Otto Lange, his back still in pain from a wrenching that he received in the Santa Fe treating plant here, was leaning against a front porch post when Mrs. Lange begged him to come to bed, she said.

"You are tired," she said she told him. "Come on and let's go to bed with the chickens."

"No," he said, "I want to wait for a little while."

"Just then the automobile came up in the front yard, just in front of the gate," she said. "One man stayed in the car. Three men came into the yard where Otto was standing, playing with his knife, just opening and shutting it."

"They came to get my boy!" interjected the older woman, unable longer to remain silent during the rehearsal of the greatest tragedy of her life. "They took him, two by his arms and two by his legs, and they said, 'Come along with us.' I rushed out and I saw my boy. No, said 'No, don't take my boy. No, stay with me Otto. Stay with me. You can not take my boy away.'"

"Just then one of the men with a mask on his face held a gun to me and I said 'I don't care. You shoot me. I am an old woman, but let me have my boy. He is all I got.'"

Little Esther, her hand still in a sling and her presence still scented with the odor of surgical dressings, interposed to say that her daddy got loose. He got upon his feet and he started to walk in. Little Esther said her eyes beamed with a bright smile as she held open the door. Then the wife of Otto Lange continued:

"I helped the little girl open the door. Otto still stooped over in a hump with the soreness he got at the shop. Then I heard a shot. Quick, just so quick, I did not hear it before I felt a whiff, right by my breast so quickly something goes; and Otto threw his hand to his back and stumbled."

"Little Esther screamed. His mother screamed, too. Otto stumbled some more and fell to the floor. He breathed so hard! I heard on the outside, whir-r-r and the automobile goes away."

"Otto breathes harder and pretty soon he died. The little girl cried in pain, and her hand bled so!"

The mother, the widow and the daughter all agree that the men had on masks. They did not know whether the masks were rags or handkerchiefs. One of the men wore khaki colored trousers.

The shooting was at close range. The shirt of the man showing no burns. Henry Discher, step-brother of Lange, who was in the adjoining room and had been asleep, he said after the shooting took place, took a gun and fired after the departing car. Some time after Discher was laid off from his work because of injuries and the Klan contributed \$75 to him.

Nothing was said about the Ku Klux Klan during the testimony of these women to the Governor so far. All the investigations sent here by Governor Davidson have reported that it was a family fracas. Constable Houston of Somerville told the Governor in his office and yesterday morning to newspaper correspondents here with the Governor he reiterated that his theory was that the shooting was the direct result of a long standing family feud caused by loose talk on the part of Lange.

So far no arrests have been made.

"In accepting your invitation to address the people of Somerville, extended to me as acting Governor of this state," Governor Davidson said, "I come to you in the spirit of which your invitation was extended and I wish to address myself to you not in the spirit of partisanship, but solely as your acting Governor at this time. If there are those that feel that I am here to abuse any man, then be undeceived."

"I shall call a spade a spade. I shall not hesitate to refer to a man as a law breaker if in his conduct and his acts he has shown himself to be one. There have been a series of mobs in a radius of 40 miles of your town of such a nature and proportion as to seriously menace the peace and tranquility of your people. Indeed, it is a compliment to you that retaliation and reprisal have not taken such form as to fill

your country with retaliatory mobs and murderers."

Then he launched into an expository analysis of the American form of government, the heritage of the democratic fathers and cited examples of Mexico, Russian, early England and other nations to show the danger of disregard of constitutional law.

Then reviewing recent history in the vicinity of Somerville, here are his words:

"Otto Lange was shot in his own house in the arms of his child, who was also wounded and a pistol held in the face of his mother, done by a band of unidentified masked men. Who did it, no one seems to know."

"A few months ago, Ed Thurber, a substantial citizen of your county, was shot on the streets of one of your towns by a band of masked men. Who they were and why they shot him no one seems to know."

"Sam King, city marshal of the neighboring town, Or. Lenart and Joe Gulton were beaten and treated to a coat of tar and feathers. What offenses had they committed and what trial they had been accorded was never known."

"W. A. Hode, an attorney in one of your neighboring towns and an ex-soldier for his country overseas, was taken from his office in the day time, beaten and treated to a coat of tar and feathers and no one has answered the law for the offense."

"On the other side, in the neighborhood of Sealy, a prominent physician admitted on the witness stand in Austin a few days ago that he, too, without cause had been taken out and severely beaten, and flogged. Who did it he did not know and the law does not know."

"It is reported that even an old decrepit Baptist preacher was not spared the lash. It is asserted that masked men have captured the ballot boxes in the county at the end of a gun and their identity has never been known."

"It is said that George Vance, an overseas veteran who fought for his country while perhaps his assailants were staying home, was taken out and severely whipped."

Concluding this long list of charges the Governor said that "these are just some of the cases that have occurred in your vicinity." "It would seem," he went on, "that these instances have demonstrated that there is some power more potent and of greater strength in your community than the law of the land. If you care nothing for the life of Otto Lange, if you care nothing for men's lives, then certainly you should feel some concern for the preservation of your community," he added and warned that reprisals

may be expected.

He complimented the "law-abiding citizens of the county," that they have discouraged rival organizations, but it would seem that the law has been slow coming to the protection of those who have been mistreated, shot and even killed.

"While I do not charge nor name any organization with the commission of these crimes, it must be apparent to anyone that there is some connection and some understanding between this continuous treatment of your citizens and this continuous failure of the law to function," he said.

"It would appear that the very arms of justice have been paralyzed and that the officers have lost their cunning. It is said to be by one of the best known peace officers in Texas that he was friendly to the Klan but it is up to them to aid in bringing to justice the perpetrators of this murder. A gentleman in another county who by the way is an ardent member of the Klan, told me he had been furnished a list of names of those who would be whipped and that it was as long as his arm."

"I do not know that Otto Lange's murder had any connection with the Klan, but I do say that the best way to determine is to find the guilty man. Peace officers tell me that the Klan is the greatest detective agency in the country. That this was its greatest asset and that the combined knowledge of the entire membership was brought together and that nothing could escape their combined knowledge. If the statement is correct as an abstract proposition then it behooves somebody in the Somerville community to put two and two together and name the

THE "EFFECTIVE PROTECTION" OF FARM PRODUCTS

As an answer to President Harding's statement in his speech at Hutchinson, Kansas, that "the combination of effective protection, easier credits, and the operation of the War Finance Corporation quickly arrested this downward trend (of prices on farm products) and started agriculture on the upward once more," comes the appeal from the Farm Bureau Federation for some sort of governmental help to stabilize wheat and give the grower a fair return for his labor and investment. The price of wheat at the farm now is averaging 70 cents a bushel—significantly less than the cost of production.

The "protection" given to American agriculture consisted of the "special" tariff approved May 27, 1921, and the Fordney-McCumber law of last September. Wheat was selling in Chicago at an average of \$1.68 a bushel (for No. 2 hard winter) on the day the "special" tariff was signed by the president. On May 27, 1922, wheat sold in Chicago for \$1.17 a bushel. And for the last two years the duty on wheat has not been lower than 30 cents a bushel.

The "protection" given to meats has been almost as futile as a stimulant to prices as the duty on wheat. According to the Department of Agriculture, the prices of hogs, cattle and sheep, and chickens were 10.9 lower on May 15, 1923, than they were on May 15, 1922. Before the Fordney-McCumber act was passed with its duties of from 50 cents to \$6 a hundred weight on these animals

and fowls and on their meats. At the same time retail prices which consumers had to pay were higher than they were a year ago.

Wool received "protection" in the form of a duty of 31 cents a scourd pound—the rate fixed by the Fordney-McCumber profiteers' tariff last September. The Department of Agriculture reports that producers of wool are unable to get a fair return for their product and that buyers indicate that their ideas of values are 10 cents a pound lower than the prices paid at recent sales. Thirty cents a pound has been offered for lambs' wool in the West, the Department of Agriculture states in a recent bulletin.

While the wool growers face an unprofitable market and a further recession in the value of their product, the Wool Trust is increasing the prices of its output. President William Wood of the American Woolen Company declares that "very much higher prices" for woolen goods are in prospect, and are even now being quoted.

The Republican tariffs have been of little worth to the American farmer, but have compelled him to pay \$300,000,000 a year more for what he buys than it has given him in higher prices for what he has to sell, according to expert economists of the Farm Bureau Federation.

As for the "easier credits" that have been provided for agriculture the farmer's answer is that he is looking for a device to get him out of debt, not a recipe for making his indebtedness heavier.

"I HEAR YO' CALLIN' ME"

It is Estimated that 100,000 Negroes Have Left the Farm Districts of the South for Industrial Plants in the North
—Journal of the American Bankers Association.

THE SECRET OF WHY SOME MEN OBTAIN CREDIT, BUT OTHERS CAN'T

Various Meanings of Credit—The Way Character Begets Confidence and Opens the Way to Trust—Thrift and Honesty the Basis of Banking.

The secret of why some men can readily obtain credit, while others are unable to borrow a cent, is disclosed in the present article prepared by the Committee on Public Education of the American Bankers Association. It tells an interesting story of how a man of forty, of good reputation and fair success, was nonplussed by his inability to borrow and had to pass up a good opportunity.

Banks are said to deal in credit. The word "credit" has various meanings. When you deposit money, your account receives "credit" for that amount. When a man borrows money on his note at the bank, he is granted "credit." When a railroad, a manufacturing concern, a town, or a government, issues bonds, it uses its "credit." When anyone buys goods without paying cash, at the time of purchase, "credit" is granted. Without credit, our present day business system could not exist.

Credit is possible only where people have confidence in each other, and confidence can exist only where good character exists. Every successful business man looks upon his credit standing as a most valuable asset, and he maintains it by square dealing. To get credit a man must pay his debts, or it soon becomes known he is not of good character and not worthy of confidence. Those from whom he would buy refuse to trust him and the banks decline to grant him credit. Then come business failure and a long uphill fight to get on his feet again and live down the past.

More Than Honesty Needed

Honesty is not the only factor involved in credit. For instance, Mr. Jones, a man of forty, of excellent morals, who has enjoyed a fair income for many years, sees an opportunity to purchase a business. He requires financial assistance. He calls on a banker and asks for the necessary credit. The banker asks the nature of the business, what it will cost, and what Mr. Jones can command in ready money, or other resources, but learns that he has no money or property of his own.

It is clear that Mr. Jones lacks ability to manage his affairs wisely. He has not had enough strength of character to save money by adapting expenses to income, and therefore has not proved that he could make financial progress. Moreover, if men do not invest some of their own money in the business they usually lack incentive and become easily discouraged. It would be unwise for anyone to assume such a financial risk, and Mr. Jones probably would fail to get credit from the bank. He must give up his opportunity to some one else who has saved money.

Banks are public servants, but that does not obligate them to serve those who are unfair in business or lacking in the great principles underlying success. To be known as a careful and thrifty person is the best assurance that the bank will extend financial help when needed.

Many people think that one should shun debt like the measles. They fail to distinguish between wise and unwise debt. It is wise to use credit, that is, go into debt, to buy a home. Such debt encourages thrift. A student may wisely borrow money needed to complete his education. It is an investment that should pay dividends in greater success. Another wise use of credit is borrowing to buy good bonds, such as Liberty Bonds, paying \$20 down, borrowing

\$50 from the bank, and paying it out of savings.

When to Shun Debt

There are circumstances, however, under which one should never borrow money. Never incur a debt in a speculative venture. OF THE PEOPLE WHO SPECULATE, NINETY FIVE PER CENT LOSE. Neither should one be induced to purchase pleasure-giving pleasures. Such debts are millstones around the necks of countless families.

Progressive banks adhere to the same standards they exact of their patrons. Their business methods must be beyond reproach. They exclude business of doubtful reputation and have no part in the feverish struggle for sudden wealth. Well-managed banks are regarded with great respect, and hold a place of ever increasing importance.

Some thoughtless persons criticize banks for not making loans more freely but it must be remembered that a bank's business is to receive deposits as well as to grant loans, and it is therefore the trustee of money belonging to others. It must safeguard its depositors' funds and so control them as to be always ready to return them intact upon demand. That requires great care in granting credits.

THE MORTALITY OF SAVINGS ACCOUNTS

The Savings Banks Association of Massachusetts has issued a tabulation made by a mutual savings bank in an average New England town showing that, of the accounts opened during a six months period, 85 to 90 per cent were open at the end of the period. At the end of the next six months about 70 per cent were open. At the end of one year about 60 per cent were open; at the end of 18 months about 55 per cent; at the end of three years about 50 per cent; and then the figure rather steadily declined by 2 to 3 per cent of the original number each year. At the end of ten years about 25 per cent of the accounts were still open. After that the changes were very small, mostly on account of death.

Federal Reserve Copied

Peru is the first country in Latin America to reorganize its banking system according to Federal Reserve principles by the enactment of the Federal Reserve Act of Peru to develop the country's resources along modern lines of financing. Peru's new banking system is modeled after the United States Federal Reserve, with modifications such as the banking conditions and general financial situation there require. It provides for the creation of a Federal Reserve Bank in Peru. The directorate of this bank is to be composed of nine members, three of whom are to be designated by the Government and the other six are to be elected by the member banks.

OFFICE DOG

Howdy, Chums! Why is it that moths seldom make the mistake of eating a patch?

There is just one "N" difference in the spelling of "Owning" and "Owing" but what a difference in the meaning.

Correct this sentence: "Some public officers are so insignificant that they never occasion swell-head."

There is nothing that will cure a reckless driver like thirty days observation of the sun through a barred window.

He who hesitates is lost. So is he who doesn't!

Pep is to a man what sap is to a tree—the difference between a live one and a dead one.

Don't waste time finding fault with yourself; that is what your neighbors are for.

A cat, which is supposed to have nine lives, can afford to take a chance—you only have one.

The man in Chicago who fell thru a skylight knows just how it feels to be thrown through a windshield.

Running an auto is no excuse for running amuck.

If you can't travel, you can get a Pullman luxury at home. Just crawl upon a closet shelf and stick a cinder in your eye.

Did you ever hear of a pair of shoestrings which outwore the shoes?

We have never heard of worry accomplishing anything worth while.

A sucker is a man who believes everything. A grouch is a man who doesn't any more.

Art is anything that is well done—A hard-boiled egg, for example.

OFFICE DOG PHILOSOPHY

When a bit of sunshine hits ye,
After passing of a cloud,
When a fit of laughter gets ye,
An' your spine is feeling proud,
Don't forget to up and fling it
At a soul that's feeling blue,
For the minute that you sling it,
It's a boomerang to you.

The horn makes a lot of noise but it does not make the car go.

If Back Hurts Flush Kidneys

Drink Plenty of Water and Take Glass of Salt before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of food that excites the kidneys and irritates the entire urinary tract. Keep your system clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they waste from it 800 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Just What You Want Electric Fan

All you have to do is to call on the phone and we will deliver to your home an electric fan. Westinghouse fans are guaranteed fans. We have them in stock in the various sizes.

Don't Wait Until Everybody Wants a Car

There have been many times in automobile history when cars were hard to get. We can remember seasons when used cars were almost as much as new ones. In such times the real worth in a good used car is recognized, admitted and paid for.

Folks are buying more automobiles than ever before. The market is firm to say the least. These good used cars are just as good as that much gold in the mint. They may be worth more. Anyway you had better look them over at an early date. Come in any time.

EXTRACT FROM A REPORT OF CEMETERY ASSOCIATION.

One year ago this month the Ladies Cemetery Association was organized with sixteen charter members, to which were afterward added 84 names, making a total of 100 members, whose dues are assessed at 25 cents, monthly. In October, 1894, the city council turned over the control of the cemetery to the Ladies Association, allowing them 16 2-3 dollars per month for sexton wages.

The dues for the first few months were devoted to cleaning out the weeds and undergrowth and next a sexton's house was built. The cemetery never having had any care or attention, was in a dreadful condition and the public will readily concede that the first year was an arduous undertaking and required a world of work and large expenditure of funds. The most important drives have been defined for the public, many are ignorant of the fact that they can drive around the cemetery, and the ladies request all to drive in and help mark out the drives, especially those in the old part where it was almost impossible to go through in a vehicle.

SHERIFF'S SALE.

Notice is hereby given, that by virtue of a certain Order of Sale issued by the Clerk of the Justice Court of Precinct No. 1, Bexar county, on the 4th day of June, 1923, in a certain cause wherein Ed. Friedrich is plaintiff, and R. E. Jeffries is defendant, in which cause a judgment was rendered on the 14th day of May, 1923 in favor of the said plaintiff Ed. Friedrich against said defendant R. E. Jeffries for the sum of One hundred eighty-four and 84-100 Dollars, with interest thereon at the rate of 10 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in August 1923, it being the 7th day of said month, at Minerva, Texas, within legal hours,

proceed to sell for cash to the highest bidder, all the right, title and interest, levied upon as the property of R. E. Jeffries to-wit:

One refrigerator pump system fountain complete with marble top and oak counter front. One 6 foot cypress case. One fountain steel drum. The above sale to be made by me to satisfy the above described judgment for one hundred eighty-four and 84-100 Dollars, in favor of Ed. Friedrich, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

FORD STEERING WHEELS ARE MADE FROM STRAW

FORD FARMS PRODUCE STRAW FOR BIG MANUFACTURING INDUSTRY

Detroit, Mich., July 11.—Invisible, yet daily gripped in the hands of millions of persons, straw from the farm of Henry Ford is literally scattered to the four corners of the earth.

Strange as the statement may seem, it is true.

Out on the Ford farm at Dearborn, Michigan, operated entirely by Fordson Tractor power, there was no use for the great loads of straw annually harvested there with the grain until the Ford Motor Company given to doing unusual things, found a use for it.

The straw is used as an ingredient in the composition of Fordite, a material of flint-like hardness and a development of the Ford Motor Company from which the steering wheels are made and the Fordite plant at Highland Park supplies these steering wheels for all Ford Cars and Trucks wherever assembled throughout the world—in the United States, Canada and abroad—and also for the use on Fordson Tractors.

The Fordite plant, begun about 4 years ago something as an experiment, is at present producing an average of 8,500 of these steering wheels daily under the manufacturing schedule of three eight-hour shifts six days a week. Subjected to the most minute inspection and given the most exacting tests, they are the strongest and most durable steering wheels produced, of ever-wearing quality, a bright lustrous black and superior in many ways to wooden steering wheels.

The straw from the Ford farm, which is sufficient in quantity for only about nine months manufacture after which the straw must be purchased outside, is utilized, following a shredding process, as a binder in making that part of Fordite which forms the core of the steering wheel, insuring a rim of exceptional strength. The daily consumption at present is about a ton and a half.

Manufacture of Fordite begins with the raw materials. In preparing the core stock, the straw, rubber base, sulphur, silica and other ingredients are mixed in batches of 150 pounds each which when they go to the rubber mills where they are mixed between heated rollers for a period of forty-five minutes. By that time the substance is ready for the tubing machines into which it is fed in small strips and from which it emerges thru a round die, fifteen-sixteenths of an inch in diameter much as sausage from a sausage grinder machine. As it comes out, it is cut on the bias lengths of 52 inches and then is ready to be rolled into the outside covering of fine rubber-like substance.

After the core has been wrapped into the covering, which is of equal length and seven and a half inches wide, affording a double cover, the

whole is secured in circular form and sent to the steel moulds the exact size of a steering wheel. Held fast in these moulds under hydraulic pressure of 2,000 pounds to the square inch, these Fordite steering wheels are subjected to a heat treatment of 68 pounds of steam for a period of fifty minutes. Hot as they come from the steam ovens they are soft and pliable but within a short time after they are placed on the cooling racks they assume a flint like hardness that remains.

Next the Fordite steering wheels go to the finishing room where they are smoothly trimmed and polished. The pressed steel "spider" or cross piece, is then placed in the wheel and securely fastened on by a machine which in one operation bores a hole and in the next screws in the screw. The steering wheel is then ready for shipment and assembly on the car.

Manufacture of these wheels is only a part of the work done in the Fordite plant. In addition it turns out a daily average of 9,000 front spring pads, 150,000 commutator insulator buttons, 9,000 magneto contact insulators, 7,500 cut out insulators, 8,000 motor starter insulators, 8,000 generator insulators, 8,000 dash terminal blocks, 6,000 battery cable bushings, 19,000 hood block bushings, 20,000 tail light wire bushings, 3,200 battery covers, 6,500 rear panel plugs and 10,000 cable insulators for metal dashes.

"USE YOUR BRAINS"

The practical thing to do is to train your brain and train it quickly. Right now, the best trained men and women are the ones who are holding their places or being promoted.

A real man or woman for every position is the desire of every business man.

Do you want to travel the long, hard road of learning thru costly experience? Do you want to start yourself with the handicap of a neglected or incomplete business training? You can avoid both these unpleasant and profitless ways by enrolling with us for a business training. In a few months with us you will gain an education equivalent to years in the business world, and you will learn many things here that you would never "pick up" in actual business.

Our watchword is "Thoroughness." We know exactly what you need to know to hold a good position. Training young people thoroughly and quickly is our special business. The fact that ours is the largest business college in America, with an actual enrollment of over 4000 is indisputable proof of our ability to do what we claim to do. We own and control the famous Byrne systems of Business Training, and with them we give our students the most thorough, practical and complete training that can be had, in Half the Time and Half the Cost of other schools using other systems. Position secured. We also teach by mail.

Take advantage of this opportunity now and enroll with us at once. Let us prepare you to work from the chin up instead of from the chin down. Fill in and mail the coupon for large free catalogue. TYLER COMMERCIAL COLLEGE, Tyler, Texas

SHERIFF'S SALE.

Notice is hereby given, that by virtue of a certain Order of Sale issued by the Clerk of the Justice Court of Precinct No. 1, Bexar county, on the 4th, day of June, 1923, in a certain cause wherein Ed. Friedrich is plaintiff, and R. E. Jefferies is defendant, in which cause a judgment was rendered on the 14th day of May, 1923 in favor of the said plaintiff Ed. Friedrich against said defendant R. E. Jefferies for the sum of One hundred eighty-four and 84-100 Dollars, with interest thereon at the rate of 10 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the first Tuesday in August 1923, it being the 7th, day of said month, at Minerva, Texas, within legal hours, proceed to sell for cash to the highest bidder, all the right, title and interest of R. E. Jefferies in and to the following described personal property, levied upon as the property of R. E. Jefferies to-wit:

One refrigerator pump system fountain complete with marble top and oak counter front. One 6 foot cigar case. One fountain steel drum. The above sale to be made by me to satisfy the above described judgment for one hundred eighty-four and 84-100 Dollars, in favor of Ed. Friedrich, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

D. S. ROGERS, Sheriff, Milam County, Texas. By H. H. Hartsfield, Deputy. 10-21 Cameron, Texas, July 5th, 1923.

A TALK WITH A CAMERON MAN.

Mr. W. H. Ledbetter, horseshoer of E. First Street tells of an interesting experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Cameron man:

"Everybody knows that horseshoeing is hard on the back and kid-

Everywhere-Royal Cords United States Tires are Good Tires

THE growing number of Royal Cord Clinchers you see on the roads gives an idea of how many car owners there are who want the best tire money can buy.

There weren't near enough Clincher Royals to go around last year.

This year—even with the production more than doubled—you can best be sure of them by taking them at the moment.

STUDEBAKER BIG-SIX FIVE-PASSENGER COUPE \$2550

The Big-Six Coupe Offers a Rare Combination of Elegance and Utility

Into the Studebaker Big-Six five-passenger Coupe have gone, without compromise, the finest design, materials, workmanship and the best of Studebaker's 71 years' experience.

Nothing has been left undone to make this big, roomy coupe as fine an enclosed car as can be built.

Certainly no car performs more brilliantly or is more reliable. None possesses greater beauty or is more luxuriously comfortable. None is more enjoyable to drive—and no other make of car is more completely equipped.

You will appreciate the generous roominess of this Big-Six Coupe, its sterling quality of body and chassis and its wealth of refinements—including the large trunk; extra disc wheel complete with tire, tube and tire cover; handsome nickel-plated bumpers front and rear; courtesy light; motometer; flower vase; clock; aluminum-bound running boards with corrugated rubber mats and step pads; rear-view mirror, automatic windshield cleaner, glare-proof visor, and many others.

Its low price is due to large volume and to the fact that Studebaker overhead is shared by three models—all sixes. Then, too, only one manufacturing profit is included in the Big-Six price because all vital parts are manufactured in Studebaker plants.

Studebaker has been building quality vehicles for more than two generations.

Power in surplus measure to satisfy the most exacting owner

LOVELY HAIR ON A WELL-SHAPED HEAD.

are the crowning features of a beautiful woman. We cannot shape your head for you, but we can help to grow, preserve and beautify your hair. Our scalp and hair treatments are recognized as very efficient by our customers and hair experts.

MISS LALLA MEYERS
Cameron, Texas.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of

other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

OIL FIELD ACREAGE IS SOLD FOR GOOD PRICE

\$7600 PAID FOR 76 ACRES OUT OF L. LEWIS FARM NEAR ROCKDALE

Considerable attention was directed to the Minerva oil field this week when 76 acre lease off the L. Lewis farm four miles from Rockdale was sold for \$7600 or \$100 per acre.

The lease was purchased by Luckey & Wilson who are at this time drilling a well on the O. L. Moody farm four miles northwest of Rockdale.

This well, according to L. B. Coker of Rockdale, who was in Cameron Tuesday, is showing up for a good producer.

During the past few months drilling in the field has been at a minimum and little attention has been directed to the buying of leases, but with the payment of \$100 per acre for this lease, drilling and development and lease sales will be revived.

THE STATE OF TEXAS

County of Milam.

To the Sheriff or any Constable of Milam County—GREETING:

You are hereby commanded to cause to be published for ten days previous to the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in Milam county, Texas, copy of the following notice:

The State of Texas,

County of Milam.

To all persons interested in the Estate of William Riley Wallace, Deceased:

Mrs. Nancy Wallace has filed in the county court of Milam county, an application for the probate of the last will and testament of said William Riley Wallace, deceased, which will be heard at the next term of said court, commencing on the first Monday in August, A. D. 1923, the same being the 6th day of August, A. D. 1923, at the court house thereof, in Cameron at which time all persons interested in said estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court at my office in Cameron, Milam County, Texas, this 28th day of June A. D. 1923.

H. M. ROARK,
Clerk County Court, Milam County, Texas.

Ouch! Rub Backache, Stiffness, Lumbago

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Linger up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica. *St. Jacobs Oil* never hurt a creature, and has been recommended for 60 years.

NEGRO FARMERS HOLD BIG COMMUNITY FAIR

DAVILLA COLORED FARMERS REAP BENEFITS FROM AGENT IN COUNTY

The community fair held July 13 and 14 at Davilla for the benefit of the negro farmers of Milam county and this particular community proved a success. The gathering was very enthusiastic and numbered more than eight hundred people, with a splendid gathering of our white friends to witness the exhibit and the speaking. The exhibit consisted of the following: corn, cotton, peas, peanuts, pumpkins, feterita, milo-maize, watermelons and canned goods. This being practically a drought-stricken district in the county, the people of this community decided to make an exhibit of the products grown through the instructions of our county agent which proves conclusively that intensive cultivation and the clean cultural method as advocated by him when the seed bed is properly prepared will almost assure a crop any time regardless of continued rain.

We have had no rain in this community since on or about the 27 of April, and that was very light and we are glad to say that we have a two-third corn crop and a better prospect for a cotton crop than we have had for years. A new spirit exists in our community and we feel that the negro farmers of Milam county, where they have been reached by the agent have taken new courage this year and much good will be done. We find that the hedges fences and ditches, barns and farming implements have been carefully looked after by the advice of the agent.

The canning circle under the leadership of Mrs. Louisa Bowser and daughter and Mrs. Julia Washington has been carefully looked after and the showing has been wonderful with their can goods of all kinds. This Club has extended their territory to a radius of eight miles to accommodate the many customers and yet all can't be served. More than thirteen hundred cans of corn and other products have been canned, aside from many jars of grape juice and pickles. The club has spared a few days of its rush in canning to our white neighbors and no small pains is being taken in canning all we can. Our program for the day was local, consisting of songs, papers and recitations under the leadership of Bowser, Washington and Rev. Hilliard.

WHAT A PAGE AD COSTS!

Readers of the larger magazines of national circulation often wonder just what a page advertisement costs and often the guess runs into fabulous figures. As a matter of fact the most expensive advertisement from the cost per page is in the Delineator at \$8,000 for a single page in black. Colored printed pages cost considerably more. The Saturday Evening Post is next in cost at \$7,000. These costs seem outrageous to some people, yet they are good investments made by the smartest business men in America, men who know by experience that it pays to advertise.

The page cost of leading periodicals is given below:

Good Housekeeping	\$2,500
Woman's Home Companion	6,300
Delineator	8,000
People's Poultry Monthly	2,000
Saturday Evening Post	7,000
Literary Digest	4,000
McCall's Magazine	6,000
Collier's	3,000

—Exchange.

NO REST—NO PEACE.

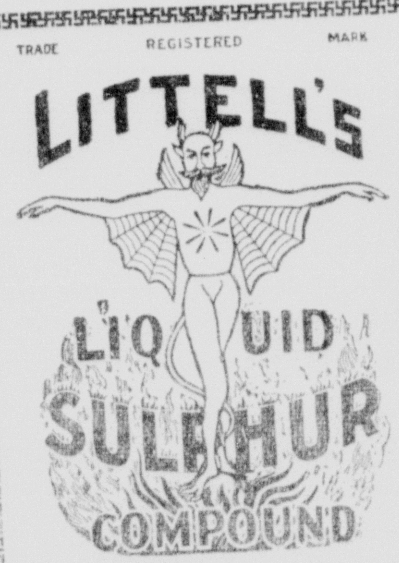

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Cameron people recommend Doan's Kidney Pills. Ask your neighbor! Be guided by their experience.

A. S. Moseley, Travis St., Cameron says: "My kidneys were irregular in action and the trouble was gradually becoming worse. I commenced using Doan's Kidney Pills and before long, my back stopped aching and my rest at night was undisturbed. I couldn't expect any more pleasing results than I had from Doan's."

Seven Years Later, Mr. Moseley said: "I always recommend Doan's Kidney Pills to anyone I hear complaining of kidney trouble. I use them occasionally as a tonic and they keep my kidneys in good order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Moseley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (H)

The Herald, \$1.00 the year

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

A Wish

"I HAVE TAKEN Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of Cardui and her condition was much better."

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard on us."

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work." This card fulfils her wish.

CARDUI

The Woman's Tonic

The Best of Soles

Those hearty, romping skipping shoe destroying children! How we love 'em but how they try our patience and purses. Kiddie cars! Coasters! Pushmobiles! Hanging on behind wagons and trucks! Wearing, tearing, kicking, grinding. Every waking moment destroying the soles of their shoes.

Only one thing to do. Let 'em go to it, keep 'em healthy.

Only bring the worn shoes to The Wide Awake Shoe Shop for repair.

TO ONE AND ALL—

I am now in position to make boots, and both men and women's shoes, have first class workman will take foot measurement. Give us your orders and enjoy the comfort and durability of our work.

Wide-Awake Shoe Shop

E. F. ADAMS.

This committee had charge of the club boys and girls for the occasion. Following this program our county agent, Prof. A. M. Smith was introduced, who being sick, made a brief review of his work of the county and then introduced the district agent, Prof. H. S. Estelle whose logical lecture was pleasing to his hearers. Prof. E. J. Hoffman then made the closing remarks and in his witty manner showed the housewives the amount saved in the canning circle and the need of close cultural methods for better production on the farm. He also thanked the many white friends for their presence and encouraged the club girls and boys to keep the interest alive.

H. B. Washington, Manager.
W. O. Bowser, Secretary.

CONTRACTORS COMPLETE SEWER EXTENSION HERE

N. A. SAIGH CO. CONTRACT IS APPROVED AND ALL EXTENSION MDAE

The sewer extension contract with the N. A. Saigh Company of San Antonio has been approved and the work inspected and accepted. All extensions have been made and the contract completed.

In a number of instances extensions

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

were made where not included in the contract in order that the maximum of benefit might be derived from the bond issue. After all the work has been completed there is a small surplus in the extension fund.

The following letter has been received by the city from the N. A. Saigh Company of San Antonio:

July 11, 1923.

Hon. J. B. White, Mayor, Cameron, Texas.

Dear Sir:—

Upon completion of our contract for your sewer extensions, we wish to go on record to you and to the City Council of Cameron to the effect that our treatment while in your city was indeed very pleasant and courteous.

We take this occasion to thank you and the Council and also your engi-

neers for the splendid manner in which you handled the work and we hope that you will feel that we have given you our best efforts. We are also in hopes that we will be able to renew the pleasant acquaintance which we were fortunate enough to make while we were in your city. If we can be of further service to you, kindly advise.

Yours truly,
N. A. SAIGH COMPANY,
By N. A. Saigh.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly and should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

EVANS' Corner

This corner is devoted to business, politics and general news

People used to select their glasses by trying on different pairs until they found a pair that seemed to fit. In some cases there was a fairly good fit, but in many cases there was a misfit, for the reason that often one eye is found to be weaker than the other. To be sure you get a good fit, have your eyes examined and take no chances.

MANY MILAM COUNTY FARMERS ATTEND COURSE

BELIEVE A NUMBER PLAN TO TAKE COURSE AT COLLEGE IN JULY

The Fourteenth Annual Session of the Farmer's Short Course at A. & M. College will be held at College Station July 23rd to July 28th inclusive. Programs for the several features have been distributed and provide many valuable numbers from which those who attend may derive much benefit. Many Milam County farmers are expected to attend the course.

A special low rate of one and one fifth fare has been made by all the railroads and a nominal maintenance charge has been made by the A. & M. College. Meal ticket will be available at 50c each or \$1.25 for 3 and bed, bath and incidentals will cost only 50c per day. Parking space and camp grounds with delivery service from the vegetable and grocery stores will be available for those who desire to come in their cars and camp for the week. Automobile and wagon parties may avail themselves of the Moss Hall and Dormitory accommodations for such part of the time they desire and on the same terms as those coming by rail.

The program in addition to its informational features will provide a well selected routine of social features and not a dull moment will be suffered.

All farmers and others interested in the agriculture of Texas are invited to attend the short course and bring their families. This great annual gathering has become an event rich in opportunity for farm boys and girls as well as their parents to get in touch with the foremost thought in farm business. It is an event which serves to broaden and complete the education of those who attend and no other opportunity is afforded whereby the farming people young and old may gather so much valuable information in so short a time.

The general program provides a few addresses by speakers who know what to say and how to say it. Then for the women there will be instruc-

tion and contests in biscuit making, Buttonhole making, and clothing making. For the girls there will be instruction and contests in Bread making, canning, and poultry judging as well as all phases of household arts. For the men and boys every problem of the farm will be studied including specially Animal husbandry for the stockman the dairyman, and the poultryman as well as the hogman. Under the Agronomy program all the problems arising in the production of field crops will be studied as will the problems in the orchard and garden. Troubles with the insects and diseases that are encountered both in crop and stock production will be studied. Efficient leaders are provided and each phase of farm life will be as well presented as could well be done in a week. Much interest always centers around the several judging and sewing and other contests and not a few young people will go away with the prizes and trophies attesting their skill in some specialty.

Meeting at the same time at the College will be the several adjacent organizations which have grown up around the Short Course. Among these are the "Country Ministers and Country Editors Conference" where in a study will be made of rural sociology and how to make the country church and the country newspaper of even greater service to the rural life of the State; "The Cotton Seed Breeders Association" an organization engaged in the promotion of reliable sources of pure cotton seed of the best varieties; "The State Horticultural Society" which for 37 years has worked to develop the horticulture industry of the state; "The Texas Honey Producers Association" promoting the honey industry; The Short course for Shippers and Carriers of Produce having for its object the elimination of waste due to rotting and other losses occurring in

the producing and shipping of farm produce, and The Agricultural Writers Conference wherein the editors and writers of Agricultural matter for publication confer on ways and means to provide better newspaper service to the agriculture of Texas.

STUDEBAKER SALES FOR HALF YEAR 81,800 CARS

NEW RECORD IS ESTABLISHED FOR 6 MONTHS PERIOD ENDING JUNE 30

Word has just been received by Joe J. Michalka, a local Studebaker dealer, of the new record established by the Studebaker Corporation of America for the first six months of 1923, when a total of 81,800 Studebaker cars, all sizes, were sold.

All Studebaker plants continue at capacity operations and the present output of 15,000 cars per month is insufficient to meet the persistent demand for more Studebakers from every section of the country, which is as great, or greater than any time this year.

It is well known that right from the first of the year Studebaker has experienced a demand that has been far in excess of production, although the plant capacity was substantially increased during the spring when a number of new factory units at South Bend and Detroit, on which construction was started late last year, were completed and equipped for production.

While the Studebaker sales for the past six years have increased progressively each year, the newest record can be better appreciated by comparisons. The sale of 81,800 cars

in the first six months of 1923 shows an increase of 36 per cent over the best previous six month's business in Studebaker history, that of 1922 when a total of 60,053 cars were sold.

Compared with the entire sales for the year 1918, the half year record of 1923 shows an increase of 243 per cent. It is 108 per cent greater than sales for the full twelve months of 1919. It exceeds the sales of the full year of 1920 by 59 per cent and is 23 per cent greater than the sales for the complete year of 1921.

"Studebaker's accomplishment becomes even more significant," according to Mr. Michalka, when it is realized that being a large producer, Studebaker is strictly a builder of high quality cars which range in price from \$975 to \$2750, and in capacity from two to seven passengers, and that Studebaker manufactures Sixes exclusively. To us it means that the public wants quality and wants Sixes in ever-increasing numbers. And by providing us with 3 distinct models, Studebaker has enabled us to fit the buyer with the car

he needs just as the shoe salesman fits the shoe to the foot, instead of trying to adapt the car to the buyer. There are a number of other

reasons why Studebaker has been able to achieve new records year after year.

**CAMERON PREACHER
PREACHES A STRONG
SERMON HERE**

Rev. Chas. Pardo of Cameron preached at the Baptist church here Sunday night by request of the pastor, Rev. J. Roby Ward, who is holding a revival meeting at Clarkson and could not be here at that hour. Bro. Pardo, as we understand, is assistant pastor of the Baptist church at Cameron and doing mission work there and is a very able man, spirit-filled and a student of the Bible. His discourse Sunday night was attentively heard by practically a full house and it was a very helpful discourse in that it threw more light upon the difference in saved souls and a saved life—defining a saved life as a spirit-filled life, unselfish and consecrated to the service of God, willingly and unreservedly. The sermon was especially helpful to many of the new converts a result of the Starnes-Cohen revival meeting who have since united with the Churches in Thorndale. It pointed out the way and helped them to understand how to enter into the services of our Lord and Saviour and find a real pleasure in so doing. We appreciated his visit very much.—Thorndale Champion.

**ACTING GOV. DAVIDSON
HERE FEW HOURS TUESDAY**

Lieutenant Governor T. W. Davidson who is now acting governor of Texas in the absence of Governor Neff who is sojourning in South America, was here Tuesday en route to San Gabriel where he was scheduled to speak at the picnic given by the Odd Fellows Lodge of that community. Governor Davidson was met at the station here by a few Thorndale business and professional men and the Thorndale brass band, the band rendering several selections of appropriate music, thus contributing generously to the courtesies shown the distinguished visitor in our town. Mr. Sam Clement introduced Mr. Davidson and he responded graciously with a short speech on law enforcement and subjects having to do with our public schools, and in the time allotted to him, no improvement could be made on what Mr. Davidson said by the addition of words or thought substitution of other words than those he used to give the talk more force and effect and make the speech more appropriate. It was a good talk. Following the little impromptu reception, Governor Davidson continued his journey to San Gabriel to take part in the festivities there.—Thorndale Champion.

**CAMERON BUNCH HERE EN
ROUTE TO DEVIL'S RIVER**

Several from Cameron passed through Thorndale in the early morning of Tuesday on their way to Devil's River and other West and Southwest Texas points for a summer outing. As they passed through Thorndale they evidently expected to find the Champion force working overtime but such was not the case. They left a note mentioning the fact that they had called at the office, sticking it in the keyhole of the door. The Champion bunch regret that they were deprived of the privilege of meeting the merry bunch of Cameron good fellows, all of whom we count among our best friends, but the fact that they were thoughtful enough to at least leave evidence that they had called at the office even in our absence is consoling and we wish them good luck and a good time. In the party were Messrs. C. A. Pitts, R. D. Brown, F. Thompson, Matt B. Bailey, Alvin Denson, Bob McCown and A. Templeton, all of Cameron except the last named.—Thorndale Champion.

The election held Tuesday to determine whether or not the tax of 50 per cent on the hundred dollar valuation of property, as has been the custom to collect from taxpayers in the Thorndale Independent school district for the past several years, should remain the same or be raised to 75 cent on the one hundred, resulted in the raise being ordered by the qualified voters and tax payers in Tuesday's election. The great need for additional fund with which to maintain our school was so well known that the people in the district responded promptly with a vote of 93 for the raise to 75 cents with only 40 votes being cast against the proposition. It is another vindication of the theory of long standing that "you can trust the masses to meet the required conditions necessary to solve the problems affecting their welfare to the best advantage of all if the issue before them has not been clouded by some selfish leader or combination of politicians." Just leave the matter in a clear and concise form and the people can be depended upon to do the right thing at the right time. 'Tis a good old world, and Thorndale is a good town, inhabited by good, fair-minded people. Come to Thorndale to make your home and educate your children. You can not do better considering what you get for the money and effort expended.—Thorndale Champion.

Reports from the Cameron hospital this morning are to the effect that Mrs. Pat Cassidy is beginning to show improvement after an illness of six weeks, during which time she has been forced to undergo several surgical operations of a major character. The citizens of Rockdale are all very much interested in this brave young wife and mother, and are

praying for her early recovery.—Rockdale Reporter.

County Judge Jeff T. Kemp was in town Tuesday on business connected with some local Confederate pensioners. Judge Kemp always has the interests of the old soldiers at heart, and can always be depended upon to look after their public affairs. The Old Rebs never had two better friends than Jeff Kemp and Mrs. Jeff Kemp—two of the biggest hearted citizens in grand old Texas. The Reporter acknowledges a pleasant call from the Judge while here.—Rockdale Reporter.

The many friends here of County Clerk H. M. Roark now of Cameron but formerly superintendent of our public school, were very glad to behold his familiar smile at the Baptist church here last Sunday night. Prof. Roark came over from Cameron to bring Rev. Chas. Pardo who preached for the Baptist congregation Sunday night and he only remained in our town a few hours, returning to Cameron after the service, as they came by Rockdale they picked up Mr. and Mrs. Elwood Christian, now residents of Rockdale but rightfully belonging to Thorndale, and brought them over for the Sunday evening service. They too returned after the service.—Rockdale Reporter.

The following paragraph taken from the last issue of the Rockdale Reporter concerning Mrs. York, a former citizen of Thorndale, will be of special interest to her friends here as well as those interested in the welfare of the Southern Methodist University "Word has been received by friends in Rockdale of the appointment by the board of trustees, of a native Rockdalian, Mrs. Lumby Green York, widow of Fred York, to be Matron of Southern Methodist University, Dallas. Besides the honor of having under her guidance a large number of girls, the position carries with it a handsome salary."—Rockdale Reporter.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Milam County—GREETING.
You are hereby commanded to summon I. V. Graham by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Milam County, to be held at the court house thereof in Cameron, on the 3rd day of September 1923, the same being the 1st Monday in September 1923, then and there to answer a petition filed in said court on the 16th

day of June 1923, in a suit, numbered on the docket of said court No. 8907, wherein George Graham, is plaintiff and I. V. Graham, is defendant said petition alleging.

The Statutory Grounds of Adultery.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing now you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 16th day of June A. D. 1923.

PENN WOLF,
Clerk of the District Court, Milam County, Texas. 8-4t

SLAYER OF SON-IN-LAW OF BILL SNEED FREED

**C. B. BERRY NOT GUILTY IS VER
DICT OF JURY IN 25
MINUTES**

Seymour, July 12.—After being out only 25 minutes, the jury in the case of C. B. Berry, charged with the murder of Wood Barton, returned a verdict of not guilty at 10 o'clock Thursday morning.

Berry, his wife, mother and six children at once shook hands with the twelve men. Mrs. Berry and her daughters were in tears.

Afterwards various members of the family embraced.

Mrs. Georgia Barton, widow of the slain man, and her mother, Mrs. Jno. Beal Sneed, were not in the court room.

It is reported that only one ballot was taken.

Berry left to make the trip to Paducah, accompanied by two armed guards. The large group of Cattle county witnesses who had been camping at the city park also left on the homeward trip soon after the verdict was announced. While 90 came from there to testify only 20 were used. One hour after the jury's decision was given out the courthouse was almost deserted and the crowd that had been on the streets was gone.

Few murder cases in Texas ever have been tried with the celerity as was this. Selection of the jury, taking the evidence and arguments requiring only three days, with the exception of the closing speech, which

was made this morning. Another unusual feature of the trial was the lack of demonstrations.

The cost of the trial will not exceed \$1,500.

The present case arose over the first of a series of three shootings, all of which took place close to the First National Bank at Paducah.

The killing of Barton occurred Nov. 10, 1922.

NOTICE TO THE PUBLIC.

All parents and guardians wishing to transfer children from other school districts to Cameron must do so by August 1. All those transferred will be entitled to go to our school until Christmas on the state money. A charge of \$10 for attending the grammar school and \$20 for the high school will be made for the balance of the year and must be paid during the first week in January.

It costs us over \$30 per pupil in the Grammar School and \$50 per pupil in the High School to run our school nine months so you can see

SOCIETY and Club

ATKINSON-TYSON

Miss Emma Atkinson, daughter of Mr. and Mrs. Hubert Atkinson, of Maysfield and Powell Tyson, son of Mr. and Mrs. Oscar Tyson of Branchville, were married at the home of the bride Wednesday morning, July 18, at 9:30 o'clock. Rev. Earnest Samsom, pastor of the Maysfield Presbyterian church performed the ceremony, which was witnessed by the families of the contracting parties and by two school friends of the bride. Miss Mary Stokes of Lampasas and Miss Anna Lou Baskin of Cameron. The bride wore a three piece suit of camel's hair poret twill, with hat, shoes and accessories to match, and carried an arm bouquet of pink and white tube roses and ferns. She entered on the arm of her brother, Elliott Atkinson, and was attended by Miss Mary Stokes a bride's maid. The groom entered with the officiating clergyman.

After a visit in Galveston, Mr. and Mrs. Tyson will be at home near Rosebud where Mr. Tyson owns a valuable farm.

Mr. and Mrs. Tyson were reared in the Maysfield and Branchville communities.

Mr. Tyson is a graduate of A. & M. College and Mrs. Tyson holds a degree from the State University. Their circle of friends is a large one and these friends extend them best wishes and hearty congratulations.

STORY HOUR

Story Hour at the park Friday afternoon will be under the direction of Miss Winnie Yoe, Mrs. W. C. Agee and Mrs. Howard Baskin. The children will be grouped according to age. Every mother and child in Cameron are invited.

MR. AND MRS. EDWIN YORK ENTERTAIN

Mr. and Mrs. Edwin York honored the Yardley-Hargrove wedding party with a charming reception and dinner on Sunday evening at 6:30 o'clock.

A pink and white motif was featured in the decorations. Beautiful vines and pink ribbons, among which peeped out silver horse shoes and wish bones, made the reception suite and dining room attractive for the occasion. Novelty table favors were cupids nestled in pink rose buds and wearing bride's veils.

Little Miss Geraldine Slaughter delightfully entertained between courses with beautifully rendered piano numbers and readings.

Guests were: Miss Rena Yardley of Ben Arnold and Mr. Revell R. C. Hargrove of Marshall, honor guests; Misses Anne Yardley and Mercedes Thompson of Ben Arnold; Lucille Street of Goldthwaite; Jewel York of Dallas; Mrs. Roe Laney of Denton; Messrs. Charles Martin of Marshall; W. J. Yardley of Saint Louis; Noel Yardley of Ben Arnold; Roe Laney of Denton and O. W. Crittendon of Cameron.

KAMERON KAMP KROWD

The Kameron Kamp Krowd returned Tuesday from New Braunfels where they enjoyed one of the most delightful outings since their organization. The original party composed of twenty three members left Cameron Monday morning July 9 with Dr. and Mrs. Tom Denson as chaperones. Near the week end they were joined by others from Cameron, Austin and San Antonio, making a total of fully fifty people to share the delights of this camp. Many things contributed to make this outing a success, but it is the wish of the party that special mention be made of Uncle "Baldy" Pfiffer, and his assistant, Terry, who as cook and roustabout gave their best service and always in a most pleasant manner.

A list of the campers follows: Dr. and Mrs. Tom Denson, their daughters, Mary Sue and Dorothy, and their guests, Misses Carson of Whitesboro and Ledbetter of Dallas, Mr. and Mrs. Joe Denson, Misses Ada, Winnie, Mary Lake and Ruth Henderson, Beth Jeter, Sallie Kate McLane, Nell Dubois, Susanna Jackson, Clara Thomas and Mary Burns; Mack Woody, C. P. Bradbury and Ledbetter of Yoakum and Mamie Black of Corpus the original party.

Guests joining them were: Mr. and Mrs. Boyd Wells, Misses Kathryn and Harriett Henderson, Kathryn Ferguson, Mrs. A. N. Green, Misses Louise and Pauline Green, Eugene and Nelson Green, Austin; Mr. and Mrs. Paul Silbers, Mr. and Mrs. L. H. Krough and Louis Jr. of San Antonio; Lee Sens, New Braunfels; Jack Lewis, J. M. Ralston, Mr. and Mrs. W. O. Newton, Mr. and Mrs. T. S. Henderson Jr., John Henderson, George McGehee, Dr. and Mrs. James Watson, Mr. and Mrs. Kirby Boles and Mr. and Mrs. Buck Kirby.

GILLIS-McDONALD.

On Tuesday evening at the home of the groom's sister, Mrs. J. M. Roach, at Seymour, Mr. George H. McDonald and Miss Bessie Gillis were united in marriage, Rev. Cargill

pastor of the Presbyterian church of Seymour officiating. Only a few intimate friends of the bride and groom were present.

When the guests had assembled in the beautiful reception room Mrs. L. L. Dantler gave a beautiful solo, after which the bridal party marched into the reception room to the accompaniment of a beautiful wedding march played by Mrs. H. E. Bauknight, Rev. K. F. Cargill read the Episcopal ring ceremony.

After the ceremony and congratulations refreshments consisting of cream and cake were served.

Miss Gillis for the past fifteen months has been Home Demonstration Agent for Knox county and during that time she has endeared herself to the people of the county. To her belongs the credit of establishing this work in the county and to say that she has firmly placed the work on a substantial basis is putting it mildly and while her approaching marriage was not made public, the women of the Giliand Home Economics learned of it shortly before and prepared a most beautiful and delicious wedding cake, which they presented as a token of love and appreciation for the excellent and patient work she has done in that community. She is a lady of refinement and is highly qualified to fill the home with grace and with dignity.

The groom is a man of character and holds a responsible position as manager of the large plantation of Mrs. Hawkins near Seymour.

Those who attended the wedding from here were Mrs. J. S. Fisher, Miss Ida Baker and Mr. and Mrs. J. A. Kennedy and the boys. Mrs. H. E. Bauknight of Goree and daughter, Mrs. Paul of Baton Rouge, La., were also in attendance. Mesdames Bauknight, Paul and Kennedy all being old friends of the bride at Cameron, Texas.

The Times is joined by friends from all sections of the country in wishing for them a full measure of health, happiness and prosperity throughout their married life.—Munday (Knox County) Times.

MISCELLANEOUS SHOWER FOR MISS BESSIE GILLIS

On last Friday afternoon a miscellaneous shower was given to Miss Bessie Gillis in her office at the city hall.

Mesdames R. E. Alexander, F. S. Broach and N. L. Davidson and the members of the girls' economic class gathered at the office in the absence of Miss Gillis and beautifully decorated the office. A table was arranged with an arch entwined with roses and ferns under which stood dolls dressed in bridal attire, including the flower girl, the bride and train-bearers, all beautifully attired in delicate blue, pink and white. In front of the table a card was placed bearing the following wish:

Bessie we would wish for you
Everything that's good and true;
Some friends to greet each day;
Some earnest work and honest play
I hope no regrets along the way.
Each one wishes you happiness,
Health and a little wealth.

The first letter of each line composing Miss Gillis' first name.

When the many beautiful gifts had been placed upon a table in the room Miss Gillis was informed over the telephone that she was wanted at the office and accordingly came down within a few minutes, only to find the room decorated as above described. After entering the room the several members of the local class in home economics, who were concealed in various places in the room came forward to greet her as did the ladies who had prepared the pleasant surprise.

Many beautiful gifts were presented to the bride-to-be and a most enjoyable hour was spent in extending good wishes to the honoree. Mrs. J. M. Dierks gave a very beautiful toast, "To the Bride," the honoree responding in her own charming way, expressing her appreciation for the many lovely gifts. The following were present: Mesdames R. E. Alexander, J. S. Fisher, F. S. Broach, J. M. Dierks, J. D. Keshley, J. R. Smith, M. H. Reeves, N. L. Davidson and H. C. Arkhuckle, J. A. Kennedy and Miss Ida Baker, together with the following members of the home economics class: Madge and Maurine Smith, Mildred Guinn, Mary Osborn, Margaret Moran, Thelma Newsom, Francis Atkinson and Helen Smith.—Munday (Knox County) Times.

ENJOYABLE LAWN PARTY

Henry MacFadyen, son of Mr. and Mrs. H. R. MacFadyen, was host to sixteen friends, both girls and boys, last Friday evening. The guests entertained on the lawn and in such a fashion that not a dull moment was experienced.

The first hour was spent in modeling clay, animal crackers being used as models. A dunce cap was awarded the best workman. Next came a cracker eating contest, boys vs. girls. The contestants were lined up and competed by twos. The winner ate the cracker and whistled Yankee Doodle before his opponent could accomplish the same feat. The boys won. Each contestant was

given a bottle of soda water as soon as his task was completed.

A watermelon feast was the last and possibly the most enjoyable feature of the evening.

PICNIC AT PARK

Mrs. F. R. Dunlap and Miss Maggie Lou Aycock chaperoned 48 Hustlers and Rustlers to the park Monday afternoon where they enjoyed the play equipment, a picnic, lunch and watermelon feast. This outing was extended them because of their interest and help as a Junior choir during the Methodist meeting.

BUTTS-DENSON

Miss Florence Butts and W. B. Denson were married Saturday evening at 7 o'clock at the Presbyterian Manse, Rev. H. R. MacFadyen officiating. The bride was attired in blue taffeta with gray accessories. They left after the ceremony for a short visit in Temple and Waco and are now at home in Cameron.

Mrs. Denson is the youngest daughter of Mr. and Mrs. N. H. Butts and is quite an attractive young woman.

Mr. Denson is employed in the County Engineer's office.

The Herald joins with other friends in wishing them a happy life.

NEWS FROM PIKES PEAK.

The Herald is pleased to acknowledge post card greetings from Mr. and Mrs. W. H. Triggs, who with their sons, W. O. and A. J. Triggs, and their wives are summering in Colorado. They report this to be the banner year for tourists in that section. Seven hundred went to the top of Pikes Peak in one day.

BEN ARNOLD WEDDING

At high noon Tuesday, July 17, at the Methodist church Ben Arnold, in the presence of a large number of relatives and friends, Miss Rena Yardley, daughter of Mr. and Mrs. R. F. Yardley, of Ben Arnold, and Mr. R. C. Hargrove of Marshall were united in marriage, Rev. Ira F. Key, pastor of the First Methodist church Cameron, officiating.

The church was beautifully decorated with ferns and flowers of pink and orchid hue.

Before the ceremony, Mrs. C. W. Read of Cameron sang "I Love You Truly." Mrs. Roe Denton, a sister of the bride, played the accompaniment and also the wedding march.

W. J. Yardley of Saint Louis and Noel Yardley of Ben Arnold, brothers of the bride, as ushers, led the bridal party in the following order: Misses Mercedes Thompson of Ben Arnold, and Lucille Street of Goldthwaite, maids, little Francis Kennedy, flower girl, Master Roe Laney Jr., the bride's nephew, ring bearer.

The bride entered with her sister, Miss Anne Yardley and met the groom and best man, Charles Martin of Marshall, at the altar. She wore a dress of gray crepe with orchid trimmings and carried a shower bouquet of valley lilies and sweet-heart buds. The maid of honor was dressed in orchid crepe and wore a large white picture hat, the other maids were dressed in blue and apricot crepe, the flower girl wore pink, and the ring bearer was dressed in Fauntleroy costume.

The happy pair left on the afternoon train to spend their honeymoon in the Ozark mountains.

Mrs. Hargrove is a daughter of an old Ben Arnold family. She is known and loved by a wide circle of friends. She has been a teacher by profession and taught for the past two years in Marshall, which will now be her permanent home.

Mr. Hargrove is connected with one of the Marshall banks. He is a young man of splendid character and fine personal appearance. Out of town guests for the wedding include Mesdames Parker and Hancock, aunts of the bride, from Denton and Fort Worth, Mr. and Mrs. Roe Laney and children of Denton, Mr. and Mrs. Henry Yardley and daughter, W. J. Yardley, Saint Louis, Misses Lucille Street, Goldthwaite; Jewel York, Dallas; Charles Martin, Marshall; Mrs. C. W. Straus and Charles Jr., Rosebud; Dr. and Mrs. John Denson, Mr. and Mrs. W. A. Bonds, Mr. and Mrs. Edwin York, Mrs. C. W. Read, Cameron.

TOURIST TRAVEL HEAVY THROUGH MILAM COUNTY.

(Continued from page 1.)

hunt your own road! You will run up and down feeling your way into Taylor. It seems that if the people in that section have such little regard for the tourist, I think it would be almost a crime on my part to send one through there until the road is completed or proper detour signs are placed in such places as necessary. The tourist as a rule is not in the habit of "hunting" a road; he is either out for pleasure or business, and prefers the "plain" road and he will go 25 miles out of the way any time to do so.

Amarillo and Colorado points are reached through Temple and Sweetwater. The travel in that direction is heavy. In fact, better termed "thick" and the people of Cameron are now given the same chance to see the volume of tourists as they used to go out on some distant highway and say, "My, just see them come through!" Cameron has the aspect of a real tourist town and despite the protest from different Commercial Clubs along different highways, Cameron crowned herself with success and put through "Colorado to Gulf" (with apologies to real Colorado-to-Gulf Highway) through Cameron.

The Motor League's main office at Houston with other matters under date of July 14th, is saying this about this route:

"I know you good people are both alive and on your toes, as the saying goes. If you will note I am sending all the travelers to west Texas, Colorado points, National Park and the far western Rockies through your city to Temple or Belton, Brownwood and Amarillo. See each Sunday paper—Houston Post, Galveston News, Houston Chronicle, Press, Evening Post, Beaumont Journal and all Journal and all bulletins. This is what's pouring you stream of travel. Also when it rains I send them through you instead of Bremond to make Waco and Dallas.

On account of sending them thru Cameron instead of Fort Worth and Wichita Falls for Colorado, etc., I have received a letter of protest from the executive heads of the Colorado-to-the-Gulf, also to the D. C. D. Highway and every Chamber of Commerce along that line. They are still jumping on me.

We wish you would keep your advice coming regular to us so we can keep posted. It is necessary for full co-operation in order to keep the traffic moving through any section. The absence of information will make it fall off. By routing them through the office here and showing this route in the various papers each week end we have caused the ROUTE VIA CAMERON to be the highway to

In the article above you will readily Colorado points and the west." see that it takes co-operation and steady hammering. The town is what you make it.

Some sections are complaining of a fall-off in tourist travel, but this is due mostly to the conditions of the roads. Tourists will not be sent thru any section unless the roads are repaired. In particular our county has kept up her main highway point at Port Sullivan, thru Maysfield, Cameron and Buckholts as good as present conditions allow. Another highway that could share some of the tourist trade is Tracy, Sharpe, Lilac, San Gabriel and Thorndale, but as long as this road will not have more attention than it has had, the outlook for a tourist crop is slim.

Touring or outing parties should not forget that at this time of the year the mosquitoes are fierce in every section and your entire night will be ruined if you don't protect yourself. Be sure to take a mosquito bar with you—that is if you are going to camp.

TOURISTS ASSOCIATION WANTS FACTS ON CITY WINTER CAMP GROUNDS

The Tourists Association of America with headquarters in Rochester, N. Y., has written a letter to Sheriff Rogers inquiring for Winter Camping grounds in Milam county for the benefit of the tourists who annually come south. The association is printing a book entitled "America's Winter Playgrounds."

While Cameron has no winter camping grounds, the city maintains a tourist park of 25 acres adjoining the city which may be used by travelers. This information has been furnished to the association for publication in the book.

W. W. Chambers, attorney of Cameron, has returned to the city after a vacation in Mineral Wells and other points.

WINTERSMITH'S CHILL TONIC

For over 50 years it has been the household remedy for all forms of Malaria Chills and Fever Dengue

It is a Reliable, General Invigorating Tonic.

CHRISTIAN PASTOR AND WIFE ON VACATION

Rev. T. F. Weaver, pastor of the Christian church, and Mrs. Weaver left Wednesday night for Fort Worth where they will join their daughter and her family and go by automobile to Colorado Springs. They will visit all the points in that section that attract tourists and will be away until the middle of September.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Menthio-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

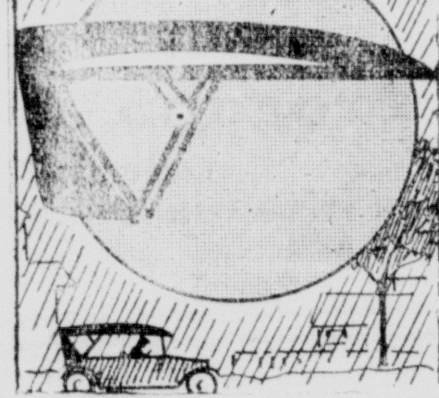

Menthio-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Menthio-Sulphur may be obtained at any drug store. It is used like cold cream.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

CHILD HAS NARROW ESCAPE

A little girl had a very narrow escape from being run over by a truck last Tuesday evening while crossing the street between the Auditorium Hotel and Dobbin's Store. She was hurrying to Turner's Drug Store to buy an ice cream cone and did not see the truck until it was nearly upon her. Luckily the truck was stopped in time and she was not injured.
